Step 5.

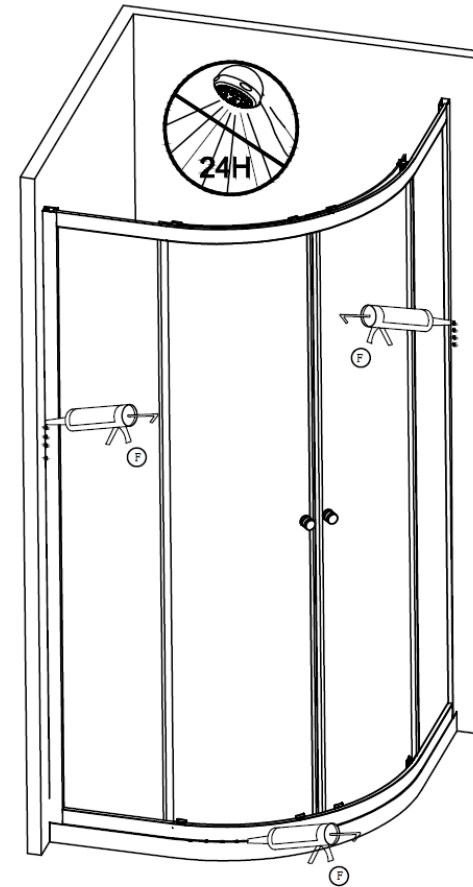

Diagram illustrating the assembly of the curved glass panel (5) into the frame. The panel is secured using screws (5) and a curved metal bracket (11). Red arrows indicate the direction of assembly.

Tools and components shown:

- 5: Curved glass panel
- 11: Curved metal bracket
- 12: Screws (Ø3.2)
- 13: Screws
- C: Screwdriver
- E: Drill
- G: Drill bit (Ø3.2)

The diagram shows the curved glass panel (5) being attached to the frame using screws (5) and a curved metal bracket (11). Red arrows indicate the direction of assembly. A detailed view shows the bracket (11) being attached to the frame with a screw (13).
